AnyConnect VPN Client - Manual Installation

|	
Step 1 Click on the following link to open your web browser and go to the client download site: https://www.franklincountyohio.gov/VPN/	
Step 2 Click to download the appropriate file for your operating system: • Windows: anyconnectwindows.msi • Apple OS X: annyconnect-macosx.dmg • Linux: annyconnect-linux.tar.gz	
Step 3 Depending upon your browser, you may be prompted to "Save" the file. Once you have saved it, you will need to access the Downloads folder on your computer and double-click to open the AnyConnect application file. Otherwise, your browser may provide you with the option to "Run" the program. If so, Windows Installer will automatically open once you have chosen to run the program. On the *Welcome* window, click 'Next.' *(Screen shots are from Windows Installer)*	
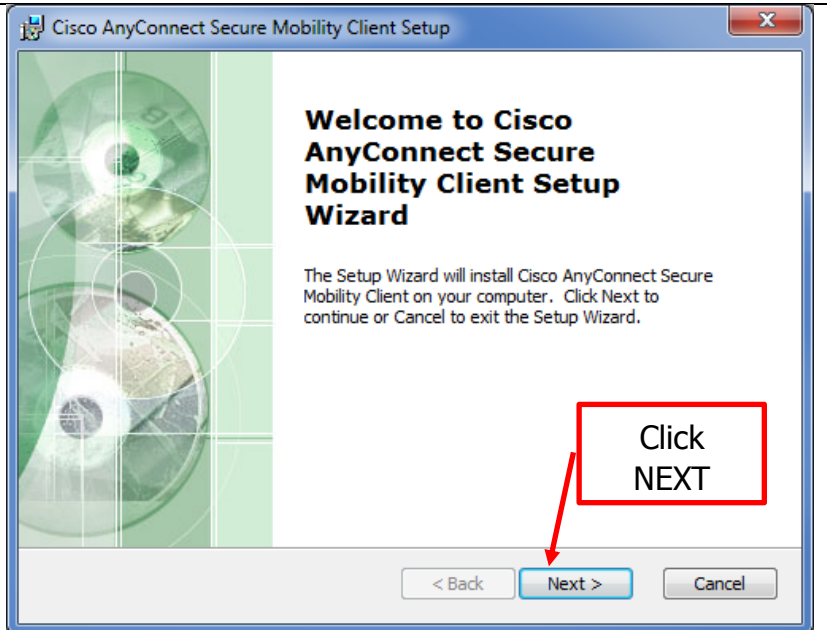

| **Step 4**

On the *End-User License Agreement* window, select 'I accept the terms in the License Agreement,' and then click 'Next.' | Cisco AnyConnect Secure Mobility Client Setup
